RANDOM FRONT-OF-HOUSE ENGINEER ON CORPORATE EVENT AT THE SHARD

"The 360 really made our wedding night a huge success and an amazing party for us and our guests. Their flexibility to perform our first song and a few other requests, plus requests on the night from guests, was a selling point when picking them, as not all bands do. They also arrived early at short notice when we found out they'd otherwise have to sound check during dinner which was hugely appreciated. The sax player in particular was so interactive with our guests, jumping onto the dancefloor to play was brilliant and really special. The rest of the band were also all brilliant - super friendly and fun on stage and off. Thank you guys for making our night so fab, our guests haven't stopped raving about you and I'd recommend you to everyone!"
