"London's new swing princes."

**EVENING STANDARD**

"If Jazz is going to survive, it needs more bands like this one."

**SUNDAY TIMES**

"I have rarely enjoyed working with a band more than Kansas Smitty's Big Four. All of the members play sensationally well – and are darned nice with it! If you get a chance to book them – do. You won't regret it."

**ANTHONY CHERRY, PRODUCER, BBC RADIO 2**

"Taking hedonism to new heights."

**LE COOL**

"They are one of the few acts on the scene that appeal to both underground and mainstream audiences alike."

**NICK LEWIS, RONNIE SCOTT'S**

"Festival favourites wherever they go."

**JAZZWISE**

"The Kansas Smitty's have the energy of Kerouac, the spirit of Mephistopheles and more raw talent than the Renaissance. Ninth wonder of the world. Long days of rest are needed after a KS party. You have been warned."

**TIM WILSON, DIRECTOR, VAULT FESTIVAL**
